

Quantitative Approaches to Organismal Biology

Selected topics and executable examples

DANIEL GRÜNBAUM

December 22, 2025

Contents

I	Introduction	1
II	Biomechanics	2
III	Demography	3
IV	Spatial Dynamics	4
V	Experimental Methods	5
VI	Appendix	6

Part I

Introduction

Part II

Biomechanics

Part III

Demography

Part IV

Spatial Dynamics

Part V

Experimental Methods

Part VI

Appendix
